

This Christmas, buy a gift for someone in need!

Every year UnitingCare West distributes hundreds of presents to children of all ages. This is possible only with the generous contribution of the community. Donations of **NEW** items give children a magical Christmas that they might not normally have; and parents the opportunity to provide gifts they couldn't afford.

Gifts that fit into these categories are always the most popular and we never have enough.

Educational Toys

These can be aimed at babies and young children. Could also include puzzles for older children and young adults.

Sporting Goods

Including a pump with all sporting balls will be a fantastic addition to your gift!

Board & Card Games

Board games suitable for all ages and card games such as UNO, playing cards and fish.

Books

Books for fun, for learning, for adventure, for romance. Comics, graphic novels and special interest.

Lego & Duplo

Girls *and* boys love Lego! Duplo and Lego is great for developing fine motor skills and enhancing creativity.
